### The Award Ceremony

On April 22<sup>nd</sup> 2017 at the American University in Blagoevgrad we celebrated the achievements of this year's winners and their teachers. All participants had the opportunity to visit the university campus. The students and their teachers received T-shirts (I became a WRITER to give the VOICES in my head something PRODUCTIVE to do) and prizes provided by Klett, Macmillan, Express Publishing and Mondelez. The CORPluS Foundation awarded the winners with gift vouchers and books. The award ceremony marked the closing of this year's campaign. All the students felt well appreciated and encouraged to continue writing and express their creative thoughts.
